

The Eliminator Shaft Mount Reducer

Fully TXT compatible, screw conveyor ready

Durable Build

Shaft and gears manufactured from high-grade steel. Case hardened and ground to A.G.M.A. standards

Precision Engineered

Extended gear centers and tooth contact

Sealed Enclosure

All shafts use metal reinforced double-lip seals to keep oil in and contaminants out

Solid Casing

Heavy duty FCD45 cast iron housing for corrosion resistance

Smooth Operation

Premium ball & tapered roller bearings for smooth operation and lower noise

Highly Compatible

Mounting holes, center distances match popular TXT series; allows drop-in replacement for many competitive market brands

The Eliminator Shaft Mount Reducer is designed for traditional TXT conveyor applications as well as screw conveyor applications. Dimensionally equivalent to the popular TXT series shaft mount reducer, the Eliminator accepts CEMA-rated screw conveyor flanges, CEMA-rated drive shafts, and all TXT compatible accessories.

Product Features

- Tapered bushing type (bushing not included)
- Premium quality ball and tapered bearings
- Shafts and gears manufactured from high grade steel, case hardened and precision ground to A.G.M.A. standards
- Industrial grade all-cast iron housings protect gearing
- Extended gear centers and tooth contact
- Metal reinforced double lip, spring loaded oil seals
- Dimensional drop-in for most major makes
- Torque arm included

Key Features

- Housing: FCD45 Cast Iron
- Box size: 2-10
- Speed Ratio: 9:1*, 15:1 and 25:1
- Torque arm included
- TXT compatible
- 2 year warranty

* 9:1 speed ratio available in box sizes 2-6.

Available Accessories

WorldWide Electric's industry grade accessories are designed to fit TXT compatible series shaft mount reducers. [Learn more at wwwec.co/SMRGA](http://wwwec.co/SMRGA)
